

The Fresno County Bar Association Presents

The **Book 'Em**

Book Drive

The Fresno County Bar Association is hoping to collect 100,000 gently used books from the homes of those in the legal community and place them in schools and homes in the poorest areas of Fresno County. We are looking to get every firm, legal organization and solo practitioner in the Fresno Bar involved.

Who:

Everyone in your firm or connected with your firm. You can even encourage clients and vendors to donate books through your firm.

What:

New books are great but the focus will be gently used books. We are looking for books from pre-readers to material appropriate for high school readers.

Where:

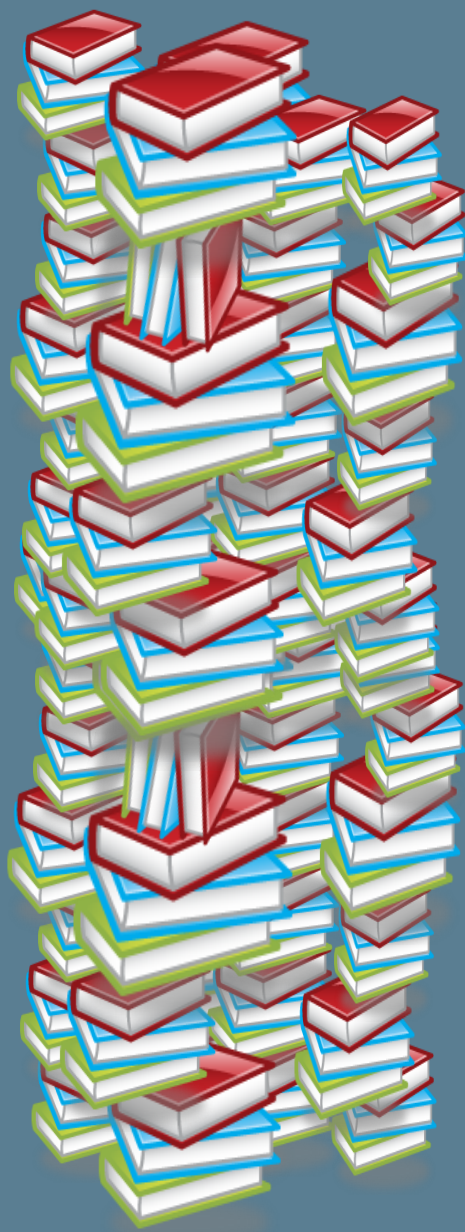

Books will be collected at the various law firms participating and then will be picked up once the collection period has ended.

When:

Books will be collected from August 1 to August 31, 2011.

Why:

- It addresses in a direct way a true and serious need in our community.
- It benefits a large number of kids right here in our backyard.
- It provides a long term return for a small investment of time and effort today.
- It allows the legal community to come together to produce something that is truly positive.
